Shropshire Cat Rescue 's policy is to give shelter and veterinary aid to stray and homeless cats when manpower and finances permit and find them new, safe and caring homes.

From time to time cats come into our care that cannot be rehomed due to long-term illness or injury. In these circumstances it is felt that these cats are better kept in the care of their fosterers where we can ensure that they will receive every attention that they deserve.

Shropshire Cat Rescue currently have five cats and a pair of cats (which counts as one sponsorship) needing special life-long care from ourselves.

If you would like to sponsor one of these special needs cats for a minimum of twelve months, please select the cat or group that you would like to sponsor and complete the form on the back of this leaflet. In return you will receive a Certificate and a history sheet. You will also receive an update on your sponsored cat's developments near the end of your sponsorship when you will be asked if you would like to continue sponsorship.

Our sponsorship schemes make a wonderful, unique gift idea for birthdays, Christmas, anniversaries etc. We can send the gift pack which includes a card to the recipient directly, just provide the information overleaf and we will do the rest.

Our vet bills are huge and your help and support in this manner will greatly reduce the pressure put upon us to assist as many cats needing our help as possible.

Thank you!
